

You might be wondering why a language school is teaching AI.

AI, the *Patio* way.

You already know Patio as **more than a language school**: small groups, real conversation, and learning by doing. Our new AI workshops work exactly the same way. Somewhere friendly to sit down with a laptop, ask your questions, and learn at your own pace.

What it is not

- ✖ Lectures on machine learning
- ✖ Complicated prompt formulas
- ✖ Confusing tech jargon

What it is

- ✓ A laptop and your real questions
- ✓ Small groups, no rush
- ✓ Learning by doing, Patio style

Come and see for yourself.
